

## TB1796 B

### Accelerator for Cyanoacrylate Adhesives

January 2007

#### Product Description:

**Three Bond 1796B** is an accelerator specially developed for cyanoacrylate adhesives.

#### Product Benefits:

- Reduces the setting time
- Enables porous surfaces (wood, leather etc.) to be bonded
- Reduces whitening (blooming)

#### Product Information

##### Physical Properties

Property	TB1796B	Test Method
Main component	Amine-based compound	-
Solvent	Isopropyl alcohol	-
Appearance	Light yellow, transparent	Visual
Specific Gravity	0.82	3TS-210
Viscosity	0.9 mPa.s	25°C

##### Curing Speed and Setting Time

<b>TB1739</b>	30s
<b>TB1739/TB1796B</b>	5-10 s

Test method in accordance with 3TS-361 using steel test pieces. Apply **TB1796B** on one surface of test piece. After the solvent has evaporated (30s later), apply **TB1739** on the other surface and bond them together immediately.

##### Bonding Strength (unit: MPA {kg/cm<sup>2</sup>})

Elapsed Time	TB1739	TB1739/TB1796B
5 mins	2.0 {20}	2.0 {20}
1 h	9.0 {92}	2.0 {20}
24 h	15.0 {153}	2.0 {20}

Test method in accordance with 3TS-301 using steel test pieces. Apply **TB1796B** on one surface of test piece. After the solvent has evaporated (30s later), apply **TB1739** on the other surface and bond them together immediately.

#### Handling

##### Directions for Use

- Apply **TB1796B** on one of the surfaces to be bonded.
- Leave until dry.
- Apply the cyanoacrylate adhesive on the other surface and bond them together immediately.
- Bond surfaces together within 5 minutes after application.

**Handling Precautions**

- Attention is required as the solvent can affect rubbers and plastics. Check all surfaces for compatibility before use.
- Provide adequate ventilation when using for prolonged periods or in large amounts.
- In case of skin contact, wash with plenty of soap and water.
- In case of inhalation, move to fresh air immediately, relax and get medical attention.
- In case of ingestion, was out the mouth thoroughly and get medical attention immediately.

**Storage**

- Keep out of reach of children.
- Avoid keeping close to a heater or high temperature location.
- Avoid direct sun and store in a cool place.
- Store as flammable liquid.

**Health and Safety:**

Material Safety Data Sheets available on request.
