

QUALITY POLICY

Techsil Limited supplies a diverse range of industries, including automotive, electronics, transportation and medical, throughout the U.K, Europe and beyond. Through partnerships with our suppliers, we are able to offer a complete range of solutions to include well-established product ranges and new, innovative and technologically advanced materials.

Working with our manufacturing partners, Techsil Limited delivers technical and application knowledge. We ensure that our customers' business is enhanced by the continuous introduction of new products, processes and innovation that deliver real customer benefits and value.

It is the policy of Techsil Limited to ensure the continual improvement of our overall performance in order to satisfy the expectations and needs of our customers.

We are committed to continually improving the effectiveness of our Quality Management System.

To achieve this objective, Techsil Limited operates a Quality Management System that is described in our Quality Manual and associated documentation that satisfies the requirements of BS EN ISO 9001:2008.

Adherence to this policy involves all of the Company's activities and services and their effects. This policy is understood, implemented and maintained at all levels within the organisation.

We have developed a framework for setting, establishing and reviewing quality objectives.

Our Quality Policy, including our quality objectives, is publicly available, and reviewed for continuing suitability to the needs of the business and the requirements of BS EN ISO 9001:2008.

The Directors have the ultimate responsibility for the effective operation of our Quality Management System and ensure that the Quality Policy is regularly reviewed for continuing suitability.

A handwritten signature in black ink, appearing to read "Paul Hughes", is written over a rectangular box. Below the box is a horizontal dotted line.
